# Pokemon

By: Eliana G.

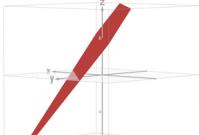

I love Pokemon and this is a fairly easy puzzle if you know pokemon.

The line from the classic bad guys after “make it double”.

A move that is said to: “The user races forward at ultrafast speeds, piercing its target with futuristic electricity. This move's power is boosted more than usual if it's a supereffective hit.”

My favourite region where they made the 2<sup>nd</sup> battle gimmick hint:

This Pokemon loves his girlfriend, \_\_\_\_\_ that's right.

This Pokemon is very good in regulation G of the VGC and plays the drums.

Look at image,  
but i'm special

This move costs 400 LP, Gastly Gas ×3, Mareep Wool ×3 in SV

What region should I go to if I want to visit Diglett's Cave

This person said: I would never collect Pokémon if they were unattractive.

This person (nickname) won top dog with Incineroar, Tapu Koko, Porygon2, Gardevoir, Araquanid, Landorus
