## Music is Poetry

By: Felix E.

*I've compiled this poem, but I haven't actually written it. In fact, this poem was written by a number of people!*

I want something else to get me through this  
I would swallow my pride  
And I, I am feeling a little peculiar  
When I was a young boy living in the city  
The whole world is coming together now  
Soul love, this love won't let me go  
And I know I've said it a million times  
Straight off the plane to a new hotel  
This the biggest day of my life

NOTE (Not part of the puzzle): There are no typos in this poem.
